

# GXi

■ **COMPATIBLE SUITES: FXi52 and MC Curtain Walling**

■ **SIGHT LINE: 41mm**

■ **GLAZING: 20mm - 26mm**

## ■ WEATHER PERFORMANCE

The Technal GXi horizontal sliding window has been tested in accordance with BSEN Standards, achieving the following results:

|                           | Test Size    | Air Permeability | Water Tightness | Wind Resistance |
|---------------------------|--------------|------------------|-----------------|-----------------|
| GXi 2 Leaves              | 1.41 x 1.42h | A*3              | E*7A            | V*C4            |
| GXi 2 Leaves<br>+ Sub Cil | 2.19 x 2.16h | A*3              | E*8A            | V*B4            |
| GXi 3 Leaves<br>+ Sub Cil | 2.1 x 2.4h   | A*3              | E*8A            | V*B4            |

## ■ THERMAL PERFORMANCE

| Size         | U Value Glass (centre pane) |     |     |
|--------------|-----------------------------|-----|-----|
|              | 1.4                         | 1.3 | 1.2 |
| 1.85 x 2.18h | 2.3                         | 2.2 | 2.1 |
| 1.85 x 2.50h | 2.2                         | 2.2 | 2.1 |
| 2.80 x 2.25h | 2.1                         | 2.0 | 1.9 |
